

# **The Carmel Planetarium and Carmel High School Astronomy Club**

Present

## **THE NIGHT SKY...**

Join us at the Carmel High School Planetarium as we investigate constellations and bright stars of early spring and late winter. We will explore some of the stars and deep sky objects inside the constellation boundaries. The planetarium star projector will be used to simulate the night sky and our CHS Astronomy club students will help the audience identify celestial objects. The NASA Kepler mission will also be highlighted during the show. This will be a fun and educational journey for the entire family. This presentation is recommended for audiences of ages 4 and above. Running time: 45 minutes

### **Presentation Dates:**

<b>Saturday</b>	<b>March 28<sup>th</sup></b>	<b>@</b>	<b>7PM</b>
	<b>2<sup>nd</sup> showing</b>	<b>@</b>	<b>8PM</b>

Planetarium programs cost 4\$ for adults and 2\$ for children and seniors. **Tickets are available in advance at the CHS Bookstore from 8AM-3PM starting March 16th.** The Planetarium is located in Carmel High School. To reach the Planetarium, enter through the main entrance of the school on Main Street. Walk past the Dale Graham auditorium and turn right. Doors will open 30 minutes before show time. *No one will be admitted after the program begins. Children 12 years and under should be accompanied by an adult.*
